ABOUT US

What we offer is unique and effective. We offer your child education in a relaxed home-like environment. We believe that education is best when there is a parent-child bond between the teacher and the student. That is why our setup is in a "home" and our teacher-student ratio is small. It allows our qualified teachers time and chance to give undivided attention to students.

Emerald Academy has been in operation since 2017. We have since grown into this service we term as "professional homeschooling" and our track record speaks for itself.

Vision: To become the benchmark for professional homeschooling and quality tutoring in Botswana.

Mission: Teaching and tutoring in ways that spark interest and fun and provide relevant examples to the student's own experience.

VALUES:

Understanding, Curiosity, Ingenuity, Ownership, Grit
